

4+ RELAX

2025/2026

DAUPHIN

4+ Relax

EXECUTIVE RETREAT

The executive lounge chair they'll come early to the meeting to claim

Whether it is used for reading, watching TV, working or dreaming, Relax+ knows no bounds when it comes to feeling good. This is down to a cleverly devised synchronised mechanism which if you wish allows the backrest to tilt backwards and be locked in any position - which by the way led the German Design Council to present it with the "Interior Innovation Award – Winner 2015". The elegance of the formally understated, organic design is emphasised by attractive double seams.

CORPORATE CASUAL

Relaxed communication

4+ Relax, a groundbreaking symbiosis of sophisticated design and perfect functionality. This lounge chair can be used not only in lounge and relaxation zones in office settings but also as a TV chair at home. The finest fabrics and leathers underline its great comfort. With its hidden, infinitely lockable mechanism, the elegant, understated easy chair in its organic form offers comfort you cannot see, but feel – and was named “Interior Innovation Award – Winner 2015” by the German Design Council.

4+ RELAX

The backrest follows the user's natural movements and features an integrated mechanism which allows the backrest to slide backwards if required. It can be locked in any position using the button on the inside of the chair. For even greater comfort, a height adjustable neck cushion is also available as an option. The lounge stool is the perfect addition to the chair – both visually and in terms of comfort. It also boasts an auto-return mechanism.
