**BOSSELINO UNO + DUO**

BOSELINO UNO

## WORK IN SILENCE.

### CLEVER CALLBOX

An office has never been so compact. The bosselino uno is the ideal callbox for communication, creativity and taking a break. Quick to assemble and made from high-quality, sustainable materials, it combines perfect design with clever features.

BOSELINO UNO

## YOUR CREATIVE BREAK.

### **FLEXIBLE RETREAT**

Ingenious, space-saving and made for undisturbed working: The bosselino uno guarantees easy working. The storage shelf provides space for a laptop and notebook and the wall mounting allows vid-eo calls at eye level. Acoustic panels made from 100% recycled PET ensure that ambient noises stay outside and confidential discussions stay in the box. The glare-free lighting and two silent fans create the perfect atmosphere for work.

Bosselino

**PRESENT DETECTOR/LIGHTING**

Glare-free lighting thanks to energy-efficient LED downlights.

**ELECTRIFICATION**

Combination socket 230 V + USB-A + USB-C.

**TABLET SHELF**

Extra shelf for tablet and smartphone to make video calls at eye level.

**TABLE**

Large shelf for a laptop and notebook.

**FRAME STRUCTURE**

Aluminium frame profiles made from low-carbon aluminium that produces 66% fewer CO2 emissions in the manufacturing process.

**FLOOR COVERING**

Robust and sound-absorbing floor covering made from 100% recycled PET.

**BASE PLATE**

Adjustable feet provide a secure base even on surfaces that are not flat.

---

## VENTILATION

Two low-noise, powerful fans guarantee a constant supply of fresh air of 160 m<sup>3</sup>/h.

---

## INSTALLATION

The installation time is a maximum of 45 minutes and is independent of the building.

---

## WALLS

Composite wooden panels made from recycled material and biogenic glue form the outer shell. The inner walls are made from 100% recycled PET.

---

## DOOR

8 mm safety glass with a comfortable handle.

---

## POWER CONNECTION

Simple connection to the power grid via a standard plug, cable length 2.5 m.

---

## DIMENSIONS

Outside width | inside width: 1002 mm | 888 mm

Outside depth | inside depth: 994 mm | 912 mm

Outside height | inside height: 2155 mm | 2018 mm

---

BOSELINO DUO

## THINK. MEET. CREATE.

### **FLEXIBLE MEETING BOX**

The perfect space for big ideas and clear thoughts. Whether it's for confidential discussions, intensive teamwork or creative thinking, the bosselino duo is the ideal meeting box for focused working – at the heart of the office. For maximum comfort, there are three optional seating options to choose from: comfortable benches, flexible to-swift stools or cosy Allora poufs.

**PRESENT DETECTOR/LIGHTING**

Glare-free lighting thanks to energy-efficient LED downlights.

**FRAME STRUCTURE**

Aluminium frame profiles made from low-carbon aluminium that produces 66% fewer CO2 emissions in the manufacturing process.

**POWER CONNECTION**

Simple connection to the power grid via a standard plug, cable length 2 m.

**ELECTRIFICATION**

USB charging: 2 x USB-A + 2 x USB-C (65 watts).

**DOORS**

8 mm safety glass with a comfortable handle.

**FLOOR COVERING**

Robust and sound-absorbing floor covering made from 100% recycled PET.

**BASE PLATE**

Adjustable feet provide a secure base even on surfaces that are not flat.

---

## VENTILATION

Three low-noise, powerful fans guarantee a constant supply of fresh air of 240 m<sup>3</sup>/h.

---

## INSTALLATION

The installation time is a maximum of 60 minutes and is independent of the building.

---

## WALLS

Composite wooden panels made from recycled material and biogenic glue form the outer shell. The inner walls are made from 100% recycled PET.

---

## TABLE

Large shelf for laptops and notebooks.

---

## SEATING OPTIONS

Optional: bench seats, to-swift stools, Allora pouf

---

## DIMENSIONS

Outside width: 75.1 in | inside width: 70.6 in  
Outside depth: 39.1 in | inside depth: 36 in  
Outside height: 84.8 in | inside height: 79.4 in

BOSELINO DUO

## FLEXIBLE COMFORT.

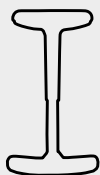

### YOUR SPACE, YOUR CHOICE

There are three flexible seating options to choose from:

**BENCH**

- The bench with a wide seat surface can optionally have an upholstered cover added to it.

**STOOL**

- The ergonomic to-swift stool promotes active and dynamic sitting.

**POUF**

- The comfortable Allora pouf creates a comfortable atmosphere and invites you to linger and relax.

---

## ACOUSTICS REPORTS

DIN EN ISO 16283-1:

bosselino uno | sound level difference: 33 dB

bosselino duo | sound level difference: 31 dB

---

## FRAME STRUCTURE

Aluminium frame profiles made from low-carbon aluminium, which is produced in an eco-friendly way using hydroelectric and wind power and produces 66% fewer CO<sub>2</sub> emissions in the manufacturing process.

---

## OUTER WALLS

Composite wooden panels made from recycled material and biogenic glue form the sustainable outer shell. The innovative, regenerative raw material concept preserves valuable resources and creates a healthy indoor climate.

---

## INNER WALLS

The acoustically effective inner walls are made from 100% recycled PET.

BOSELINO UNO + DUO

## **SUSTAINABILITY.**

### **READY FOR THE FUTURE**

We design and produce products in an eco-friendly way. The bosselino product range is climate-neutral. All CO<sub>2</sub> emissions generated during the manufacture of the product have been compensated for. Bosse supports selected and certified climate conservation projects.
